

Cables can be manually inserted into Split Cable Tube to offer a neat way of organising a cluster of cables.

The 1.1m (3ft 7") length is ideal to sort cables dropping behind desks and TVs.

The LDPE material is very user-friendly to handle, and makes it easy to later add or remove cables.

- Tidy & protect several cables
- Ideal to contain cables dropping behind TVs and desks
- Pre-split - fits around existing cables
- Flexible & easiest to add or remove cables
- No application tool needed
- Supplied 1.1m lengths
- Fully safety tested and certified to EN 60695-2-11: 2014
